RE: Final Order PSC Case No. 2010-00399

Dear Mr. Williams:

The ordering paragraphs of Case No. 2010-00399 state the following:

JCWA shall file a copy of the "as-built" drawings and a certified statement from the engineer that the construction has been satisfactorily completed in accordance with the contract plans and specifications within 60 days of substantial completion of the construction certified herein.

Could you please provide me with an update on the progress of the project of the installation of a new raw water intake structure located on the South Fork of the Rockcastle River, two booster pump stations, and approximately 13 miles of 16-inch raw water transmission main and related appurtenances to carry raw water to Tyner Lake?

Thanks you for your attention to this matter.

Sincerely,

Linda Faulkner
Director of Filings
